B- Arch 3rd YEAR SEM- Vth

It's a matter of great pride that I am a part of G.C.A. completing my 4th semester and entering into 5th semester. The college has successfully turned into its 4 years, holding nearly seventeen faculties. It was started in 2006 and has made a mark in the field of developing knowledge. Their substantial contributions towards reshaping us cannot be measured. It has always tried to strive towards excellence in academic pursuits, creating the benchmark for better architectural education. The college has always made new concerns and issues to make us relevant to the challenges ahead. In fact continuous effort through seminars, short term lectures from visiting faculties are also done to enhance the quality and also to have awareness and interaction with the visiting faculties. In this way, the college has helped us in creating an interactive and rich learning environment. As a student of this institute for the past 2 years I am truly enjoying the best days of my life and I am sure to have the best of success for the future, for myself and also for the college....

THANK YOU
