**B.ARCH, 1st YEAR**

The word 'Freshers' struck our mind with full of excitement and fun when the seniors announced about the program. Initially, the freshmens were quite excited when they came to know about the fresher's party but literally their notion of the program crossed what they expected. The venue of the program was in 'ASSAM ACADEMY', chandmari colony. The program started off with the lightning of the lamp followed by the speeches delivered by our Respected pincipal sir Ar P.R Das, our respected chief guest and the faculty members.

The function began with the mind blowing performances by the first year students which included singing, dancing, drama and so on. They delivered the talents which were hidden in their souls such gracefully that it made the audience go gaga over them. The second year people also contribued to the show in their own hilarious way and also the way they hosted the show and kept the audience rooted to their seats.

The FASHION SHOW lighted a spark to the program in which the contestants were given different attires. It began with the formal introduction cum questioning round followed by the ramp walk and eventually the whole show was concluded with lots of applause and encourangement from the peers and friends adding to the liveliness of the show. The show came to near end with the

selection of the Mr and Miss Fresher's and the Mr and Miss Ramp Walk judged by the seniors .

And finally ,the 'DJ PARTY' that we all were waiting for had come.The whole program was concluded by the rocking beats of the Dj party which was the main attraction of the show.The music made the audience dance with their hearts and head open. Not only the students but also the teachers joined the dance floor,making the ambience full of fun and excitement.As a whole the fresher's party made an unforgettable part of life in the hearts of the first year students and want to thank the seniors for giving them such a memorable fresher's party.
